

Six Questions to Consider

1. What are the existing care needs we have in our church or community? List as many as you can think of.
2. Of those existing care needs, which ones do we want to address? Narrow the list down to the ones that we as an organization want to address.
3. Of those we have chosen, which can we partner with others to accomplish? Which will be formal partners and which will be informal partners?
4. Of those we have chosen, which can only be met by us?
5. Which of the ones that can only be met by us, have off-the-shelf solutions that will allow us to implement this sooner? Keep in mind that good is not the enemy of great. Good is ok in this case!
6. Of the remaining care needs, how will we prioritize resource creation?
